Message from The Supreme Tall Cedar

“Believe and Achieve” has been the theme for this year. We are a fraternity within a fraternity. Before we were made a Tall Cedar of Lebanon each of us were made a Mason within our Lodge. As a Master Mason we represent a brotherhood that is a unique segment of our society. As Tall Cedars of Lebanon we represent a unique segment of Freemasonry Brotherhood.

However, as Freemasons and Tall Cedars of Lebanon, we demonstrate a belief in the tenets taught in the Lodge and those imparted by the Tall Cedars of Lebanon of “fun, frolic and fellowship”. Continued belief in those principles will achieve and secure their existence for many more years.

For sixty-three years the Tall Cedars of Lebanon have been supporting research by the Muscular Dystrophy Association to find a cure for neuromuscular diseases. Since becoming the first organization to sign-on as a MDA supporter in 1951 the Tall Cedars have never wavered on that objective. Each and every Tall Cedar of Lebanon can be proud of the efforts of his brothers and himself towards finding that elusive cure. As Tall Cedars of Lebanon we know we are making a difference in the lives of those who have been stricken with these debilitating afflictions. It is a belief that one more dollar will bring us closer to meeting the objective that has kept this fraternity focused for the past sixty-three years. It is a solid belief that the Tall Cedars of Lebanon will be standing tall when that objective is achieved.

Throughout our lives each of us has set personal goals to measure our individual successes. Even though the road to success may have been rough or curved beyond imagination, we never lost faith that we would reach the next plateau. It is belief in ourselves that sustained us when the light at the end of the tunnel grew dim. It is belief that we are each capable of making a difference in our own lives that has brought us to where we are today. The future of the Tall Cedars of Lebanon is dependent upon each of us to remain cognizant of those beliefs when it comes to our fraternity. The future success of the Tall Cedars of Lebanon is up to you, for there can be no S_CCESS without YOU.

Throughout the year you have heard the message of the need to change.

(Contd page 2)....
The missive is real, stating it in simple terms, if your Forest is not growing its membership and/or attendance at your meetings is not increasing, then you need to make changes. There is no “cookbook” methodology for change that will fit every Forest or every situation. We all know that to ignore the obvious will not improve the existing state of affairs. Change calls for initiative to try a new way of solving problems and analysis when the results are not as expected. Change requires refinement and adjustment as all “trial and error” techniques demand.

To continue thinking everything will improve without change is pure folly. Embrace and support change within your Forest with a belief that improvement can be achieved.

Welcome to the members of two new Forests of the Tall Cedars of Lebanon Kingdom this year. Northern Illinois Forest No. 214 in Des Plaines, Illinois and Hudson Valley Forest No. 215 in Saugerties, New York. Each of these new Forests was formed by the initiative of a member to expand and enhance the Kingdom. There is ample area throughout the Kingdom for further expansion. 2014 has been filled with “fun, frolic and fellowship”, with even more to come during the remaining months. The most difficult task has been scheduling the many events hosted by the Forests of the Kingdom. No matter how hard you try, it is just impossible to visit everywhere you would like to. With multiple events often planned on the same date it is difficult to choose which one to attend. No matter how many Forests you attend there are always some that you just can’t get on the schedule.

Working closely with Robert Saul, SDSTC and Curt Beam, JDSTC this year has been a distinct pleasure. Delvin Zeiders, Supreme Scribe and John Almacy, Supreme Treasurer are certainly valuable assets to our fraternity. The Supreme Directors were always willing to discuss the issues and to make decisions for the betterment of the fraternity. Thank you to each and every one of these gentlemen for their service. Janis Stanton, Director of Administration is the glue that holds this fraternity together. No matter how remote the question may seem she always has a way to find the answer. Without question she is a valuable asset to the Tall Cedars of Lebanon.

It would be difficult for the Supreme Forest to function without the cooperation and dedication of the District Deputy Supreme Tall Cedars and all of the many Committee Chairmen and Committee Members. This group of approximately 180 individuals deserves a thank you for all of their efforts to sustain our fraternity.

In closing I want to thank the 2014 Committee for all of their support and assistance. They are a great group of Tall Cedars and wives who were always willing to make everything work. To Brother Bill Martz, chairman of the committee, and his wife Linda, thank you for all of your effort in making 2014 a successful year. Thank you to my Aide Brother Rick Hossman and his wife Cindy for their support to both Suzanne and me. They have traveled with us to many of the events; and were always there to give us much needed support. I wish to extend a special thank you to my wife Suzanne who has been a rock of support for these past three years, and for all of the miles we traveled visiting Forests throughout the Tall Cedar Kingdom, especially those long rides through western Virginia. To all of the Tall Cedars of Lebanon and wives and families, thank you for the opportunity to serve.

May God bless.

In closing I ask each of you; Believe and Achieve.

Fraternally.
What an incredible year this is. I have met so many wonderful ladies totally dedicated to their Forest and Cedarette groups as well as working hard to raise funds for the Tall Cedar Foundation. My hat goes off to all of you! I am also grateful to our wonderful “2014” Committee, headed by Linda and Bill Martz, for all their hard work to make our Mid-Winter in Dover and Convention in Wildwood successful. My two traveling companions, Cindy Hossman and Ruth DeFuge, have made the many miles we traveled together enjoyable and insightful. Plus the “behind-the-scenes” work they did for all the meetings and banquets. Thanks, you were my inspiration.

Our 2014 Goodwill Ambassador, Mary Kiehl and her parents, has been an absolute delight. Mary is always smiling and she is really enjoying her year as our “poster” girl. A big thank you to Jim and Martha Walmer for escorting Mary to many Tall Cedar functions. One of the many highlights of this year was our trip to the MDA Telethon in Hollywood, CA with Bill and Carol Ward. What an experience to meet the National Ambassadors. They are all so upbeat and enthusiastic about promoting MDA and emphasizing the need for research funds. It’s also a REAL experience to see how the telethon is put together and to watch all the star performers connect with the MDA kids. They really care!

My special wishes go out to Bob and Mary Saul, Curt and Margie Beam, and Mark and Sue Brumaghim for successful years and safe travels. And most of all, enjoy your three years!

Last but not least I want to give a big thank you to Eric and Amy Jo Frank, Harrisburg Forest #43 and the Cedarettes for your support and encouragement throughout these past three years.

Sincerely,
Suzanne
As I recently read through Larry DiPietro’s “The First 100 Years of Tall Cedars of Lebanon”, I am reminded of the days, long before my membership, of the unrelenting enthusiasm and willingness to serve as officers of the Supreme and Constituent Forests. What has happened? Why are members reluctant to become involved? We currently have a membership of approximately 10,000 spread among 94 Forests. If each Forest has 8 officers and there are approximately 200 Supreme Forest appointments, my calculation is that there are between 900 and 1000 Cedars who are actively or semi-actively involved. That’s ten percent or less. Many of you have served multiple terms for which you are to be commended. Without your commitment, many of our Forests may have gone dark. Now I am asking each of you who have not yet served in some capacity, to please “take your turn”. If you have not been approached, then you need to ask. This brings me to my second point. Forests need “new blood”, which comes from new members. As Barry Sheaffer has said so many times, “If what you are doing is not increasing membership, then you need to change what you are doing”. Today we live in a world of rapid change. The evidence is all around us. Winter becomes Spring, Spring becomes Summer, Summer becomes Fall, Fall becomes Winter, the young become old and the new become old. So change is inevitable. To quote George Bernard Shaw, “Progress is impossible without change and those who cannot change their minds cannot change anything”, and John F. Kennedy said it so well, “Change is the law of life. And to those who look to the past or present are certain to miss the future”. So consider how constructive your meetings are. If your membership is increasing, you are probably also seeing change. If membership is dwindling, consider something new. I recently entered on the Tall Cedar Website, a list of suggested speakers which should make your meetings more interesting. Take a moment to view it. Keep in mind, Fraternal change can be disruptive, but ultimately the change tends to improve harmony and increase membership.

I would like to congratulate Barry Sheaffer, STC and Bud Willard, PSTC on a well orchestrated 2014 Convention. Also, congratulations are in order for Curt Beam, Mark Brumaghim, Del Zeiders, and John Almacy on being elected Senior Deputy STC, Junior Deputy STC, Supreme Scribe and Supreme Treasurer, respectively. Also to three new Supreme Directors, Ray Wingate, Supreme Director, Region #2, William M. Martz, Supreme Director, Region #3 and Bernard Schlenk, Supreme Director, Region #8. In closing, have an enjoyable remainder of the summer, enjoy the Fall weather and take time to smell the roses.

Fraternally,
Bob Saul, SDSTC
Brother Cedars,

My year as Junior Deputy Supreme Tall Cedar has been a learning experience and a very enjoyable one. My wife and I have traveled and meet a lot of new people who we are glad to call friends. I enjoy listening to my fellow Cedars and am always learning new things from those discussions. I feel that we need to communicate better throughout the Cedar kingdom because what works in one area might also work somewhere else and sharing those ideas is important to all of us.

As we are starting to grow and expand by starting new Forests, we need to remember to grow and help our existing Forests. As I have traveled I have noticed a growth in membership in some areas where the brothers are active in their Blue Lodges and we need to remember that we have to attend and support our Blue Lodges in order to grow. We still have a long road ahead of us and we need to continue to work together as we grow our Kingdom.

We also need to keep supporting our Masonic youth organizations because they are our future. We have to become more desirable to the younger men of this country and as our Blue Lodges change to fill this need, so must we. But as we change we must also remember the traditions that have held us together all these years.

Well it’s time to get off the soap box and congratulate Barry Sheaffer on his year as Supreme Tall Cedar. We have enjoyed traveling with Barry and his wife Suzanne. I also look forward to starting my year as your Senior Deputy Supreme Tall Cedar and serving under Robert Saul as he starts his year as Supreme Tall Cedar.
Delvin L. Zeiders

It has been a pleasure to continue to work with the Team. Tall Cedars are alive, well and flourishing at least in some areas of our Kingdom. If this statement isn’t true in your area, you are not doing it right. Never go anywhere without a Petition in your pocket, even if it is just to the store. You never know who will tell you “no one ever asked me to join”. We need to be proud to be a Mason and a Tall Cedar, so wear your pins and your cap. You can bet that someone will ask you about them. I hope all Forest Scribes have taken the time to carefully read the information sent to you that outlines each of the reports needed to be submitted along with the time table for submission.

John M. Almacy

Congratulations to all who supported the 2014 Supreme Forest Gun Raffle. Considering we didn’t have one last year and getting off to a late start this year, it was a huge success. As you may know, the profits go to the Special Activities fund which ultimately benefits the Forests in the Cedar Kingdom which then flows to each and every one of you. If you’ve never been to the drawing I suggest you put it on your calendar for next year. A good time was had by all (especially the person who won the 50/50 which was over $1,400.00!). I’m sure they’ll be putting that on their 2014 tax return, HA!

The STC Barry and the Supreme Board continues its cost cutting measures as well as other avenues to enhance the financial status of the Organization. That, coupled with the per-capita assessment and the fact that the investments are doing well, the financial condition of the Supreme Forest is improving dramatically.

With the move of Mid-Winter back to Ocean City, MD the cost of attending will be far more affordable than last year. I hope that will allow more of you to attend and share in the Fun, Frolic and Fellowship. Looking forward to seeing you there!
God Said

I watch you from a distance  
I see you come and go.  
I see you in the sunshine  
And I see you in the snow.  
You are always in a hurry  
You always set a pace.  
God said life is a journey  
It never was a race.  
The days they come and go  
And you often rush them through.  
You don't take time to think  
"Oh" what did I say or do?  
And as each day comes to an end  
And a new one gets its start.  
Keep God in your plan  
And also in your heart.  
It might be time to slow down  
And maybe change your style.  
Simply wipe away a frown  
And replace it with a smile.  
God will bless you and keep you  
He'll make his face shine upon you  
And be gracious unto you  
And he will give you peace.
Mary was born on May 17th, 1999 and lives in Dover, Pennsylvania, with her parents, Elizabeth and Christopher. Her diagnosis of Congenital Muscular Dystrophy – Merosin Deficient was confirmed in 2011 at the Hershey Medical Center’s MDA Clinic in Hershey, Pennsylvania. While she has never walked, aside from the diagnosis, she is in good general health.

A bright and spunky young lady, she attended public school through the 8th grade and is now a home schooled 9th grader. She is adaptable, bright, optimistic, confident, helpful, and to quote her mom, “She is the definition of resilience.” She loves dogs and horses, and while she can’t ride a horse, she loves spending time with them. She attends Bethany Church in Dover and sings in their Praise and Worship team. She has played in the Hosanna Ringers Bell Choir which is a part of Jessica & Friends. She is also a member of the York Homeschool Choir.

We are positive Mary will be a great Ambassador for the Tall Cedars of Lebanon.

In so many cases in our lodges we have a member propose a charity that we then attempt to find a community business to help us in a fundraiser. Let’s look at this backwards. I was asked as a Tall Cedar Clown to create balloon figures at a restaurant for their “Kid's night.” They were already selling shamrocks for Muscular Dystrophy Association (MDA). MDA is the primary charity of the Tall Cedars so I felt good working there. I spoke to the general manager about how the Tall Cedars support MDA and some of the events there would be. Each year MDA has camps for kids with MD and I invited him and some of his staff to attend a camp. Last year he attended with a couple others. They were so moved by the experience they asked to be one of the organizations that could cook a meal for the campers. Each meal through the week is made by different groups like local fire companies and stores. This year he brought some of his Red Robin (gourmet hamburgers) cooks and made hamburgers for the campers.

If we in our masonic bodies are the “Horse,” let’s look for a business that is supporting a charity we would like to support. Businesses are run by people, and people in general like to help when they can. They also like it when they can bring in others to help them in what they have chosen. The benefit to us is that the business has more contact with the general public than we as a Forest do. Your name will be seen by a larger percentage of the community and seen while you are helping the community. Forest contact information can be left with the business. The benefit to us is that even if we do not get queries about joining we can start reversing the poor image the public has of us from those “Secret Society” TV shows.

MDA Summer Camp

Harrisburg Forest #43 Day of MDA Camp on June 17, 2014. Our Forest makes hamburgers, hot dogs and all the trimmings. We take our classic cars, clowns, cooks and anyone else who wants to join in the fun.
MDA Event Nashville, TN

James Morrison Supreme Director of Region 10, Michael Tamez, Ambassador for Tennessee Forest No. 195 and Glenn Doolittle forest member all at the MDA event at Dave and Busters in Nashville Tennessee.
Reagan, 8, has spinal muscular atrophy (SMA), a genetic disease affecting the part of the nervous system that controls voluntary muscle movement.

She is charming, happy andPEGGING the other art and design artesians and shows the world how to do it right.

Reagan loves dancing, drawing, swimming, traveling, mudpuddles and going to MDA summer camps. She takes dance lessons, attends art classes and goes swimming time with her brother and friends.

Reagan dreams of being an artist, a doctor and a nurse.

In her role as MDA’s National Goodwill Ambassador, Reagan and her parents travel the country to spread MDA’s message, gather sponsors and other sponsors throughout the United States to spread the word about MDA and its mission to find treatments and cures for muscular dystrophy and related muscle diseases.

Dear Mr. Barry,

Thank you so much for coming to the MDA SoST taping in Hollywood. I hope you enjoyed yourself and had lots of fun. I know I did! Your support of MDA for all these years means so much to me and everyone fighting muscle disease. Thank you for everything you do for MDA all year long. If there is ever anything I can do for you just let me know.

Love, Reagan

P.S. I’m so excited... 10 more days until my favorite week of the year, MDA Summer Camp!

Penn Forest 21 held a pancake breakfast on March 15, 2014 with Brandywine Forest 20 and Chester Pike DeMolay pitching in and helping. The Brandywine Cedarettes also sold bake goods that helped make the event a success. Everyone enjoyed the fellowship and working for a good cause.

Tall Cedars of Lebanon Week in Dauphin County

Members of Harrisburg Forest #43 join with the Dauphin County Commissioners to receive a proclamation that declares the week of March 17-21, 2014, as "Tall Cedars of Lebanon Week in Dauphin County."
The muscle walk was held at the King of Prussia Mall, PA on March 30, 2014 with several hundred participants involved. The above photo is a presentation of a check for $2,000.00 from our Evergreen Forest No. 49 towards the efforts of our Goodwill Ambassador Aly Fisher and her ALY CATS Team. The ALY CATS Team was the winner of the highest Team fundraiser with $13,868.00 raised. The total raised for the entire walk was $101,756.00.

The Rainbow Supreme Assembly was held at the Baltimore, MD Convention Center. Most everyone here are Tall Cedars and we all participated and help with the Main sessions on Tuesday – July 27, 2014. We received many thanks on behalf of the Adult leadership as this was the largest Delegation of Masons ever to attend their sessions. Also many of the Forests in Region 2 made monetary contributions towards the expenses of the Convention

The Supreme Board of Directors approved the purchase of a paver for the new Veterans Memorial at the Masonic Village in Elizabethtown, PA earlier this year. The memorial will be dedicated on September 20, 2014 by Grand Master Robert Bateman. The details of the memorial were included in the Pennsylvania Mason earlier this year.
When a Cedar Tree grows, it adds a new ring for each year. A lot can be found out about how good a year was for the tree by studying the rings. When the Cedar Kingdom grows, we add a ring of memories each year. When we study those rings we can learn what we have done right or wrong. We can learn what to do again and what not to or maybe just how to tweak something and make it work better. Every Tall Cedar has some of these memories and ideas. Please get them to the Public Relations Committee or Cedar Digest Committee. We want to share your input with the entire Cedar Kingdom.

I have had the privilege of talking with Don Saylor, the Senior Surviving Supreme Tall Cedar (1970). He has kept his eyes on our fraternity and spoke of some ideas he has that may serve to strengthen us. During his tenure in the Supreme Line, a long range plan was created. Five years later he was asked to evaluate the accomplishments. [I have inserted some of my comments in this manner.]

1. A new Cedar Digest was created. [In 2011 PSTC Ralph Horlbeck retired from the editorship of the Digest and Carol Henderson was brought on as the new editor and revised the look of our Digest.]

2. Gained good respect in the Grand Lodge jurisdictions where we operate.

3. Became recognized and represented at the George Washington National Masonic Memorial in Alexandria, VA. [Due to our financial status our participation there is under review for the last couple of years.]

4. The organization governing structure has been changed. The Supreme Board of Directors was created to provide continuity in our leadership and a greater democratic voice for our members. With the exception of the fiscal responsibilities this board has failed. The men we elect to this board need proven records of accomplishments not just that they are popular.

5. Have an office with a meeting place for the board that we can be proud of.

6. Adopted a new logo.

7. Offering a group insurance program to members and their families.

8. Have a Promotion Committee that allows our members to travel and vacation at very reasonable rates.

In 2008, Don was again asked to reevaluate the fraternity’s status along with PSTC Allen Shaffer (1969). It was almost forty years since the adoption of the Board of Directors concept to lead and provide continuity for us. The concept needs to be revisited as it has not operated in the manner intended. It appears to have become a “Training camp” for those wanting to seek higher office. We no longer need that cabinet to manage our affairs due to declining membership.

We should consider an advisory committee possibly augmented by PSTCs. A possible composition could be the five line officers, two members appointed by the STC and two members appointed by the PSTCs. Consideration should also be given to the idea of appointing a Tall Cedar as our Executive Secretary to run every day operations. [Jan Stanton for those that are unaware, has been with the Tall Cedars since 1982 and has been Administrative Director since 1985. She has provided invaluable assistance to everyone from “Green Hats” to Supreme Tall Cedars as well as being a wealth of “Institutional Memory” for us.]

With declining membership affecting all organizations we need to increase the interest and involvement of Supreme Forest members. Most members of the Supreme Forest have retired or are nearing that age and have fixed incomes. The cost of attending both mid-winter and convention has become prohibitive for them. They then lose interest and their voice is lost to our fraternity. Maybe it is time to consider combining them. Has it become time to consider an “Absentee Ballot” for these members?

Many Forests no longer have the units they used to have. Our parades have become shorter and shorter. Is it time to put them on the shelf until we grow stronger?
